

World's Best Long Life Headlight Bulbs

Up to 480% more durable than standard bulbs
 Extends lamp life in vehicles with Daytime Running Lights
 Vibration resistant filament available in H4 bulb
 Finest quality • strict German quality control

Candlepower Long Life bulbs are the best choice when you need *install it and forget it* durability. With rugged heavy duty construction and a durable filament coil, they keep shining long after weaker bulbs give up. These extra tough bulbs reduce expensive downtime in commercial fleets, and cars with Daytime Running Lights go much longer without bulb burnouts. Ideal for use in taxis, buses, trucks, heavy equipment, and transit vehicles. These first quality bulbs are also compatible with premium service warranty policies. Their UV-blocking glass means they're safe to use in plastic headlamps. **Candlepower** Long Life bulbs—superior safety for the long haul!

Type	Replaces	Watts	Lumens	Hours	Life
